

Be prepared for cold and flu season

Your child is sick and it's the middle of the night.  
Consult with a doctor without leaving home. 24/7/365. For free.  
We want you to feel better. Fast.

WellVia for EMI Health gives you access to a U.S. board-certified doctor over the phone anytime, anywhere.

Some 70% of doctor visits can be handled over the phone, and 40% of urgent care visits can be managed using Telehealth. WellVia doesn't replace your primary care physician. It is a convenient, alternative way for you to get the care you need that will save you time and money. Whether it's the middle of the night, while you're on vacation, on a business trip or that moment when you've run out of a prescription, Well Via is on call.

Sinus Infections ■ Cough ■ Sore Throat ■ Earaches ■ UTI ■ Nausea ■ Toothache ■ Flu ■ Rashes ■ Pink Eye ■ Prescribed Medications
