Stacy Bateman (District 6 – dual recommendation)

Stay is running for the Alpine School Board for her first time. She has served on many committees such as being a room parent, classroom volunteer, PTA president in elementary, junior high and high schools. She is currently on the Alpine School District JEEC committee and serving as Director of District 9 for the Utah PTA and is on the National PTA Board. Stacy feels that teachers have more work than can be done in their allotted time. Stacy priorities are also to reduce class size and make sure teachers are in the know, involved in crucial conversations, and help bridge the gap of communication.
